## @New Products

**Evergreen Element features two twin axle 26-foot models**  
(Dec. 5, 2011) - The two new, twin axle 26-foot Element models include the ET26 SRK rear kitchen and the ET26 SRL rear lounge floor plans. The sleeping capacity in both new floorplans increases by one adult.

**Door offers lighted, motorized slider step**  
(Dec. 5, 2011) - It's a simple, elegant solution for the evolving designs of motorhome manufacturers looking to do more with less bulk and weight," said Nickel. "The very compact dimensions of this 'hidden step' provide manufacturers with excellent installation flexibility without a bulky, step-box look."

**Fleetwood adds diesel option for Bounder Classic**  
(Dec. 5, 2011) - "One of the most exciting features of the new Bounder Classic diesel is that it has air brakes and air-ride," said Graham. "It offers a premium ride and drive, which is something our customers have been asking for."
